BRISK RISE IN SHARES

IMPROVED CONDITIONS IN THE STRIKE REGION RESPONSIBLE.

Coalers Most Affected, but All Issues Share in the Advance-Downward Plunge of Sterling Exchange.

At New York yesterday money on call was Prime mercantile paper, 4 25 per cent. Sterling exchange was weaker, with actual demand and \$4.82%@4.82% for sixty days; posted

rates, \$4.83@4.84 and \$4.87@4.87%; commercial bills, \$4.81%@4.82. Silver certificates wers 634@64c; bar silver,

good hope of success. The violence of recovery in prices on this development is astonishing, considering the small impression that has been made upon the prices of coal-carrying railroads since the strike has been in force, and which has given the imprassion that there was little prices are once forcibly diverted in a given di rection in Wall street sentiment in all points is nade to conform to the new order of things. The mercurial minds of the speculators, in con-formity with this rule, yesterday threw off all stringency of the money market. The downward plunge of sterling exchange of a full half cent on the pound for both actual and posted rates helped to this result. Commercial bills of ex-

change for cotton are coming forward in such

force as to relieve apprehension as to the ability

of the New York money market to meet its fu-

ture obligations on the German and British ex-

strength of the stock market, growing into buoy-

ancy, was continuous after an opening dip in prices, due to the chagrin of the bears, who were driven to cover Wednesday right on a

rumor of the coal strike settlement, which was

not confirmed yesterday morning. The extreme advance in the coalers ran up to 3% in New Jersey Central, and the leading specialties and

local traction stocks recovered from 2 to 3½ points. In the active railroad list net gains of

to 2 points are the rule, with the closing ac-

Corn Is Lower on Freer Offerings, Oats from Inanition-Provisions a Shade to Five Cents Higher.

CHICAGO, Sept. 27 .- A falling off in receipts and export sales was responsible for a stubborn wheat market to-day, October closing 1/4c over yesterday. Corn closed lic lower and oats a shade down. Provisions closed a shade to 5c

October wheat opened at 77%@77%c, and soon after touched 77%c, feeling being rather bearish because of favorable weather in the Northwest. A report that the French crop estimate is now 53,000,000 bu less than a month ago stiffened the views of holders and a reaction began. This was helped along by a liberal falling off in the aggregate receipts at the big Western markets. These two factors were the chief influence in an advance in October to 77%@77%c. The bulge brought out profit-taking wheat, and the market declined to 774c, where it steadled on reports of good export sales, and the close was firm, October 1/4c higher at 771/677%c. New York reported 32 loads taken for the other side, while export sales here were 255,000 bu and at Kansas City 300,000 bu. Seaboard clearances, in wheat and flour, were equal to 467,000 bu. Primary receipts aggregated 937,000 bu, compared with 1,121,000 bu last year. Minneapolis and Hams-Sugar cured, 18 to 20 lbs average, 10%@ Duluth reported 444 cars, against 418 last week

> bids. The most discouraging feature of the general trade was the complete stoppage of all shipping demand from the East at workable figures. Bids were reported ic out of the way. Receipts were 721 cars. October sold between 40%c and 40c, and closed 1/3c lower at 40c.
> Oats were dull and featureless, and the general situation was unchanged. October sold be-tween 22c and 21%c, and closed a shade down at 21%c. Receipts were 187 cars. Provisions were dull and firm, sustained by a demand from local shorts and packers. The was easy because ceipts. January pork sold between \$11.50 and \$11.624, and closed 5c higher at \$11.60; January lard between \$6.75 and \$6.80, closing a shade up at \$6.77%@6.80, and January ribs between Estimated receipts to-morrow: Wheat, 310 cars; corn, 740 cars; oats, 240 cars; hogs, 23,000. BRYAN'S FAKE ISSUES.

His Candidacy Fills All the Require-

To the Editor of the Indianapolis Journal: Four years ago Mr. Bryan appeared before the American people as the nominee yellow Western, 91c; city, 92c; Brandywine, \$2.45 | planting his candidacy on the issue of the free coinage of silver at the forced ratio of 16 to 1. In his conduct of that campaign he subordinated all other questions and forced the Republican party to meet the money question squarely. It was a great and important question upon which the mass of the people were then little informed. Those who differed with Mr. Bryan's notion of finance found no fault with the sincerity and earnestness with which he pleaded the cause of silver. The money standard was a thing about which men could have honest difference. But what is the relation of the Candidate Bryan to the present campaign?

> His candidacy to-day for the presidency fills all the legal requirements of the word "shyster." His pack of issues, imperialism, militarism, free coinage of silver, anti-trust crusade are each and all special | this week, but a good clearance was made early frauds, hatched and batched for the purpose of temporarily humbugging a majority of the American people. Anti-Lynching Law Tested.

mehing law of this State, making the county responsible for damages to the family of the victim, has been again tested here. In 1897 Isaac Brown, a negro, was found hanging to the railroad crossing at Stillton, Orangeburg county, his neek broken and his body riddled with bullets. Brown's father brought suit against the county for damages last year. The jury which heard the case brought in a verd for the county. Another trial of the san south omaha, Sept. 27.—Cattle—Receipts, rendered for the county. A motion for a new trial will be made.
